How it works!

- To get the most play time in we recommend arriving no earlier than 15 mins prior to session
- Our Play Coordinator will run through all the little details for children and adults at the start of the session
- We recommend a little water and play break halfway through
- Colouring in is also on hand for anyone who needs a little rest from play!
- Little Land to be vacated 15 mins after the session.

Little Reminders

- All children must be supervised at all times.
- Minimum adult ratios apply.
- Please remind guests that socks are required to be worn by **all adults and children** in the play area.

To find out more and secure your excursion dates, please email our Customer Support team via hello@littleland.fun and we'll be in touch to book in your role-play fun and learning!

"Each year our Kindy students have really enjoyed our annual trip to Little Land! Watching them role-play together in so many different scenarios has been a highlight for parents and teachers alike. A really great play-based, learning environment!"
